

## HAMMERS

**Electrician's Straight-Claw Hammer**  
with extra-long handle and narrow striking face,  
fiberglass handle and neoprene grip.

**807-18                    18 oz. Head**

**Heavy-Duty Curved-Claw Hammer**  
with fiberglass handle and neoprene grip.

**818-16                    16 oz. Head**

**818-20                    20 oz. Head**

**Ball-Peen Hammer** - Crowned face  
with uniform bevel, smoothly-rounded  
peen and hickory handle.

**803-12                    12 oz. Head**

**803-16                    16 oz. Head**

**803-24                    24 oz. Head**

**803-32                    32 oz. Head**

**Lineman's Straight-Claw Hammer**  
Drives lags and pulls big nails. Octagon-  
shaped driving end and thick, strong claw  
with hickory handle.

**832-32                    32 oz. Head**

**Lineman's Double-Face Hammer**  
It has the weight to drive lag bolts. 3-3/4"  
long head for use in confined areas.  
Identical faces with 1 3/4" round-crown  
driving surface and beveled edges.  
Fiberglass handle with neoprene grip.

**809-36                    36 oz. Head**

**Hand-Drilling Hammer** - Short handle  
for working in close quarters. Special  
moisture/oil replacement process used on  
hickory handle helps to eliminate effects  
of extreme temperatures.

**823-48                    48 oz. Head**
