

Tooling solutions for the power utility industry.

A) PH-9 - Versatile 1-1/4" Side-Cut Pruner with removable 16" saw blade (SB-1T), canvas scabbard, 18' rope and PHA-9 adapter for use with FG and JE poles.

B) PH-11 - 1" Center-Cut Pruner with Chain Pulley same as Bell B Pruner. Can attach 16" (SB-2, SB-3, or SB-1T) saw blade to side. Use PHA-11 adapter for use with FG or JE poles.

C) PH-14 - 1-1/4" Side cut Heavy-Duty Pruner for everyday use. Multi-lever design generates fast cutting action. Short stroke allows pruning in tight work area. Use PHA-14 adapter for use with FG or JE poles.

D) PS-2 - Hooked Casting with Removable 16" Curved Saw Blade (SB-2). Use PHA-10 ADAPTER (NOT INCLUDED) for use with FG or JE Poles.

E) SB-2 - 16" Teflon-Coated Steel Curved Saw Blade (6 teeth per inch). Attaches to PS-2 Pole Saw. PH-11 Pruner, FG-3S and JE-3S sawhead sections, and B Pole Saw.

F) SB-4 - Three Position 16" Teflon-Coated Curved Saw Blade. Equal to Bartlett T-4402-16. Fits PS-2, No. 20 Smith Bartlett (No. 10 Hook Casting) and Dission Pole Saws.

Ready To Use Truck Pruning Kits

Each kit comes ready to use - just snap the factory assembled PRUNER, ADAPTER, & ROPE into any of the fiberglass handles to begin tree pruning. 3-6' long handles are included in all kits listed below. Handles can also be used for: wire raising, cable lifting, and in conjunction with leak detection devices. FG Hollow handles or JE foam core handles are both standard. Ask about Kits made to your specs.

Pruner Heads	Hollow Handle Kits	Foam Core Handle Kits
Jameson #9	Cat. #FG-9K	Cat. #JE-9K
Smith #11	Cat. #FG-11K	Cat. #JE-11K
Smith #12*	Cat. #FG-12K	Cat. #JE-12K
#14 Side Cut	Cat. #FG-14K	Cat. #JE-14
