

Tooling solutions for the power utility industry.

MODEL TS 400 CUTQUICK 14" CUT OFF SAW

The differences in the TS 400 are easy to see: Maximum reliability, extremely long run times, a radical reduction in maintenance and service intervals, plus an outstanding cutting performance. Available with either a 12" or 14" cutting wheel, the TS 400 offers many features that are exclusive to Stihl including a semi-automatic belt tensioner, Elastostart handle and Easy Start System.

Features:

- 3.9" cubic inch engine
- 12" or 14" Cutting Wheel
- 12" weighs 19.2 lbs.
- 14" weighs 20.5 lbs.
- 9,700 rpm Engine speed
- 1.56 pt. fuel capacity

**MODEL #400
CUTQUICK
CUT-OFF SAW**

When the cutting gets tough you need a Stihl[®] Cutquick.

For Cutting:

- Stone
- Metals
- Asphalt
- Masonry
- Concrete
- Ductile Iron

MODEL TS 460 CUTQUICK 14" CUT OFF SAW

To compliment the TS 460's excellent power-to-weight ratio, Stihl has added its Easy Start System consisting of the Elastostart shock-absorbing handle, which is designed to reduce the kick associated with starting high compression engines, and decompression valve to lower compression in the cylinder. The unit also offers vibration dampening, an enclosed recoil system, a multi-stage air filter and a compact, ergonomic top handle design.

Features:

- 4.4" cubic inch engine
- 14" Cutting Wheel
- Weights only 24.3 lbs.
- 9,500 rpm Engine speed
- 2.3 pt. fuel capacity

Exclusive Belt Tensioner

Standard on the TS400 and TS460. With a simple turn of the wrench, the spring loaded arm automatically adjusts the drive belt to the correct tension.
