

Tooling solutions for the power utility industry.

POWER DART BLOWER

A Pneumatic Rodding System especially suited for long duct runs. A three-motor system allows you to choose the right speed for your needs. With all three motors engaged, the Power Dart Blower will deliver up to 300 cfm of air or 3 psi maximum pressure, easily blowing 1/2" poly line or measuring tape over 2,000 ft. in conduit up to 6" in diameter. The complete kit comes with 25 feet of air hose, an assortment of conduit seal-offs, and an assortment of missiles. Weighs only 31 pounds and operates at 110 or 220 Volts. 110 Volt model includes a 30 amp twist plug. The 220 Volt model is supplied without a plug. Requires a 3,000 Watt generator.

UTILITY POWER DART KIT

Includes these items for utility applications.

- ✓ Blower Unit
- ✓ 25" x 2-1/2" heavy duty hose
- ✓ Seal-off Body
- ✓ Seal-offs for 1/2" - 6" conduit

Part	Description
08030000	110 V System w/ 30 amp Twist Plug
08030040	220 V System (supplied with plug)
08030001	110 V Utility Kit w/ Accessory Bag
08030041	220 V Utility Kit w/ Accessory Bag

POWER DART BLOWER SEAL-OFF

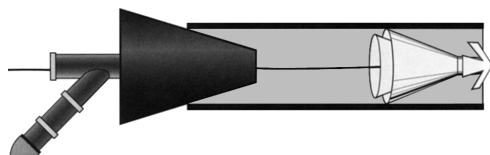

Part	Duct Size	
08039700	1/2"-1-1/4"	Seal-Off
08066800	1-1/2"-2-1/2"	Seal-Off
08039500	2-1/2"-6"	Seal-Off

BLOWER SEAL-OFF BODY

Part:	08039400	Duct Size:	1/2"-6"
-------	----------	------------	---------

POWER DART HOSE

Part	Description
08039300	25" x 2-1/2" Heavy Duty Hose
08039301	Replacement Hose End Fitting

MISSILE KIT

Assortment of missile and seal-off products. Incl: 1-1/2" - 2-1/2" Seal-Off, 2-1/2" - 6" Seal-Off, 1/2" - 6" Seal-Off Body, 2" Missile, 4" Missile, 1-1/2" - 2-1/2" Infl. Missile, 3 - 4" Infl. Missile, 2" Duct Projectile, and 4" Duct Projectile.
