

OPERATORS' GUIDE

LR-CS-82

HYDRAULIC LONG REACH CIRCULAR SAW

For cutting and trimming of limbs and branches from the ground or an aerial bucket that a standard chainsaw could not reach.

The powerful hydraulic drive motor can easily cut brush and branches up to 3.5 inches in a single pass.

The quick stop trigger reduces blade coast time for increased safety.

The dielectric property of the fiberglass extension tube will reduce the chance of electric shock.

WARNING

All information found in this guide must be read and understood before use or testing of this tool.

Failure to read and understand these warnings and safe handling instructions could result in severe personal injury and or death.

CAUTION

Operation and safety methods may vary in accordance with the guidelines established by each utility. For your safety, ensure that you fully comply with all safe operation guidelines established by your respective power utility.

REL-SM

DANGER

The user should be properly trained in the correct procedures required for work on or around electrical lines.
